Tula Region at "Sochi-2016": Results

In September and October Tula region took part in the XV International Investment Forum "Sochi-2016". The delegation was headed by the Governor of Tula Region Alexey Dyumin.

Within the forum Tula region presented the largest and most promising investment projects, opening up new opportunities for cooperation with the region, as well as presented the export potential of successfully developing Tula

manufacturers. Within the "Sochi-2016" were signed 3 agreements of intent to cooperate in the implementation of projects on the territory of the special economic zone of industrial type "Uzlovaya" totaling more than 10 billion rubles.

Governor of Tula Region, **Alexey Dyumin**

« The Sochi investment forum for the Tula delegation turned out to be successful. For us, this is another opportunity to present the investment potential of the region. How it works? Here is an example. At the St. Petersburg International Economic Forum, we presented a special economic zone "Uzlovaya", and within the Sochi investment forum were signed the first investment agreements with potential zone residents. This is not the idea, but real businesses, new jobs and investments in Tula region and in the future - new taxes in the budget. »
